

Rewordify

[Rewordify.com](https://rewordify.com) lets you read more, understand more, learn more words, and teach more effectively. It simplifies difficult English, teaches vocabulary quickly and effectively, creates learning materials, and it's all free.

See the big yellow box near the top? That's where the learning starts. Paste in difficult sentences, paragraphs or whole chapters full of hard words. Click **Rewordify text** and you'll instantly see an easier version, for fast understanding. The reworded words are highlighted – just click them to hear and learn the original harder word.

You can also enter a website URL in the yellow box, and you'll see a simplified version of that web page.

The screenshot shows the Rewordify.com website. At the top left is the logo 'R' and the text 'Rewordify.com Understand what you read.' To the right is a search bar with the placeholder text 'search documents...' and a magnifying glass icon. Further right are links for 'Home', 'Demo', 'Help', and 'Settings'. Below these are links for 'Classic literature', 'Public documents', 'Register safely', and 'Log in'. The main content area has the text 'Enter English text or a web site to simplify:' above a large yellow rectangular text input box. A large red arrow points down into this box. Below the box is a yellow button labeled 'Rewordify text'.
